COMMISSIONER REPORTS

Commissioner Scott attended the Port meetings; Oyster House; PRPTO; a DNR Focus Group meeting, noting that DNR needs volunteers to clear the downfall in the trails; the NMCV, and the Chamber Gala – where she was named as the Citizen of the Year.

Commissioner Jackson attended the Port meetings, the EDC luncheon, and Chamber Gala.

Commissioner Cooper attended the Port meetings, EDC Board Meeting, and its annual luncheon, the Chamber Gala and NMCV.

SECURITY REPORT

Security Officer reported that someone locked their keys in their car at the North Shore. He also said the Port continues trying to get Ecology to deal with sunken vessel to the Port side of the dock. He did mention that it's time for everyone to recertify for first aid training. Finally, he investigated some strange vehicles at the Allyn dock and learned that a film for the high school was being made.

NEW BUSINESS

A discussion about rescheduling the July 6, Regular Meeting took place. The Executive Director will be on vacation that week, and Commissioner Jackson suggested moving the meeting to July 13. That does create a problem with approving Vouchers and collecting warrants, so it was decided to keep the meeting on March 6, and the Executive Director will call in.

Judy Scott was reappointed as the Ports Representative to PRTPO. Commissioner JACKSON made a Motion to reappoint Commissioner Scott to PRTPO. Commissioner COOPER SECONDED. MOTION CARRIED. Commissioner SCOTT made a MOTION to appoint.

PUBLIC COMMENT

Mr. Van Buskirk discussed Sweetwater Park, and handed out some information which documented fundraising emails from Brian Peterson to others (including a couple of Port Commissioners). However, there were no violations of the Open Public Meetings Act or the Public Records Act. He also stated there was already a survey (might be on file with the county). As for the water rights issue being a red herring as the Port's attorney claimed, Mr. Van Buskirk stated the original water rights were for drinking water and the fish pond. He also thinks re-creating the water wheel will complicate the water rights. The Port's attorney disagrees.

Earl Iddings discussed the proposed Grump Venture gravel pit. The county has revoked the permits for the existing use. Mr. Iddings stated that the applicant can go through the proper steps to obtain their permits (SEPA, public comment, etc.), due process and a re-zone.

The other thing he is concerned with is lowering the speed limit on North Shore Road near the Port's boat launch. The Executive Director explained that he had met with someone from the County who agreed to do s for part of the year. However, the Port's Maintenance Supervisor was given conflicting information from the Public Works Department. The Executive Director said he will follow up. Mr Iddings is hopeful the County will agree to lower it year-round. Commissioner Jackson stated it is definitely a safety issue doing the summer when the boat launch is busy, but lowering it all year may be problematic as people are used to a higher limit, and will get upset when the County lowers it.

Bonnie Knight reported that all the state contracts are signed, and that she is signing a contract with a contractor tomorrow who will begin work on the stabilization portion of the work on the Oyster House next week. She is excited. Commissioner Jackson asked her about the MOU being signed the next day by the Mason County Commissioners for the Totten Oyster House. She
